11:25 Tips and Experiences of an ERC Grantee

Prof. Dr. Björn Schumacher, Director, Institute for Genome Stability in Aging and Disease, Medical Faculty, University of Cologne

11:45 Questions and Discussion

12:00 End

The department for Research Management of the University of Cologne and the University Hospital Cologne organise a joint workshop on the ERC Starting Grants in Horizon 2020. Information on the general principles of the ERC, the current call and useful tips from a Principal Investigator will be provided. The workshop will also give tips on successful proposal writing. The workshop addresses researchers with 2-7 years research experience since completion of their PhD and with a scientific track record showing great promise. The workshop addresses those researchers in particular who aim to submit their proposals in this year's ERC Starting Grants call (**deadline mid-October 2016**).
